11. [ ] LIAISON Lot Cooke, of the Senate Select Committee on Intelligence staff, who suggested that a former member of the SSCI staff Tom Connaughton currently working for Chairman Birch Bayh (D., Ind.), of the Committee, might soon become involved in Committee business, requested that we reinstate Connaughton's clearances. I told him that there would probably be no difficulty in doing this but the policy question of a personal staffer holding compartmented clearances would have to be resolved. Cooke indicated he would pass the word along to his Staff Chief.

12. [ ] LIAISON Joseph DiGiorgio, GAO, met with [ ] ORPA, to discuss the Agency's role in international terrorism. After a discussion of his interests, it was decided to provide him with an unclassified summary of terrorist incidents prepared by NFAC. 14. [ ] LIAISON Mike Flannigan, House Permanent Select Committee on Intelligence staff, called and asked me to locate and send to the Committee the third in a series of 44 boxes which we are still holding from the old Pike Committee. I said that I would look into it and get back to him.

15. [ ] LIAISON Ed Palmer, Staff Director, House International Relations Subcommittee on Asian and Pacific Affairs, called for Representative Lester L. Wolff (D., N.Y.) to ask whether we could locate a sanitized intelligence report which we had passed to Congressman Wolff some months ago. Apparently, the Congressman had misplaced it and wanted to make reference to it during a press conference that he was going to hold at 10:30 that morning. [ ] O/SA/DO/O managed to locate it for me and I dropped it off with [ ] while en route to Representative Christopher J. Dodd's (D., Conn.) office.

1. (Unclassified - RSG) LIAISON Took a call from Mike Glennon, Legal Counsel, Subcommittee on International Operations, Senate Committee on Foreign Relations, who requested that he be given access to files on 16 February at 1:30 p.m. I indicated that that was short notice and that I would have to check out the availability of the material. I indicated that I would call him back.

2. (Internal Use Only - GMC) LIAISON Received a call from Molly Williamson, Research Director, House Select Committee on Population. Ms. Williamson said that she believed Committee Chairman James H. Scheuer (D., N.Y.) would probably want to speak directly with some one from the Agency knowledgeable about population matters. I told her that we hoped her report to the Congressman on her 16 February visit would serve his needs but that if he felt that a personal meeting with an Agency representative was essential, we would do our best to accommodate him.

3. (Unclassified - RSG) LIAISON Leslie Wizelman, Dan Hardway, and Betsy Wolf, House Select Committee on Assassinations staff, visited Headquarters to review Agency material.

4. (Unclassified - ME) FOIA Fritz Elmerdorf, in the office of Representative Carroll Hubbard, Jr. (D., Ky.), called to request information on behalf of a constituent who wants to seek information on himself under the Privacy Act. Elmerdorf was provided the name and address to be used.

5. (Unclassified - ELS) LIAISON I called Mr. DeGiorgio, GAO, and asked him about anti-terrorist study which we have been informed of by letter. He said he was planning to meet tomorrow, 16 February, at 10:00 a.m. with [redacted] DDO/PCS/ITC, who was in turn setting up meetings with other CIA people. This information was passed on to [redacted] OLC, who has taken over the incoming letter.

6. (Unclassified - ELS) LIAISON Delivered the covert action package to Jim Bush, on the staff of the House Permanent Select Committee on Intelligence. Also took [redacted] O/Compt, down and talked with Bush about CIA budget presentation before the Committee coming up on 7 March.

8. [REDACTED] LIAISON Received a call from Dick Barnes, staff of the House Government Operations Subcommittee on Government Information and Individual Rights. He said that during our recent meeting with [REDACTED] OGC, on 1 February, [REDACTED] mentioned that he was pulling together material on problems which the Agency faces in national security prosecution cases. Barnes asked if he could be provided a copy of the study when it is completed since it does relate to the study which the Subcommittee now has underway. He added that he has been discussing this matter with Mark Gitenstein, Senate Select Committee on Intelligence staff, who has been working on this problem involving CIA. I told him I would check and get back to him.
